Dear Sir/Madam,

We at the CSIR-Centre for Cellular and Molecular Biology are planning to conduct "CCMB Young innovators" programme for school children of classes VIII to X. this provides the children an opportunity to have close interaction with Scientists and also will provide firsthand experience of research work for a period of TWO weeks. The programme will be held during second to third week of Jan 2017. Since we can accommodate a few students we select students at two stages. We request you to select TWO students based on criteria set by you. At the school level you may use any criteria that you feel appropriate to select two students from your school. Students who participated in the same program earlier will not be admitted this year. All the students nominated by the schools will get an opportunity to attend a lecture by Dr. S. Shivaji an eminent Scientist on December 30, 2016. Following the lecture, there will be a questioner with multiple choice questions. All students will receive participation certificate.

Subsequently, a few selected students will be informed for a TWO week programme to be organized in the 2<sup>nd</sup> and 3<sup>rd</sup> week of Jan 2017. You may kindly follow the procedure detailed below:

Nominate not more than TWO students by using any criteria that you think appropriate. Students should carry the identity card and permission letter from the School Head Master/Principal. Travel to and fro should be taken care of by the parents/school authorities. CCMB is not liable for any loss, damage or injury during the programme. The nomination should be sent on or before December 28, 2016 by e-mail or post to the following address:

Dr M V Jagannadham  
Senior Principal Scientist  
CSIR-Centre for Cellular and Molecular Biology  
Uppal Road, Tarnaka  
Hyderabad-500 007

E-mail: [yip@ccmb.res.in](mailto:yip@ccmb.res.in)

The lecture and the programme starts at 9.30 AM and is expected to be over by 1 PM on Friday, December 30, 2016. Students should report by 9.30 AM at the CSIR-CCMB reception. The exact dates of the TWO week programme will be informed to the selected students through the schools.
