

# CCMB Summer Program 2016

## ● Eligibility Qualifications

The training program is open to students from all branches of sciences and open to all Indian Universities/Research Institutes.

**Only the Students who are admitted in a Master' program (M.Sc.) in year 2015 or B. Tech. (4 year) program in 2013 or Integrated B. Tech - M. Tech./MBBS (5 year) program in 2012 can apply, i.e., the students who will complete their 1<sup>st</sup> year of M.Sc. or 6<sup>th</sup> Semester/3<sup>rd</sup> year of B. Tech. or 8<sup>th</sup> Semester/4<sup>th</sup> year of Five year Integrated B. Tech - M. Tech./MBBS in June/July 2016 are eligible to apply;**

*M. Tech. students are not eligible.*

*Computer science students with flair for biology may also apply.*

## ● Trainin g Program

It is not a conventional classroom lectures based training program. Instead, each selected candidate/trainee will be assigned to a CCMB staff scientist who will supervise/mentor him/her during the stay. Each student is expected to execute a small project work under the guidance of the scientist. At the end of the program, student will need to submit a 'Project Report' of the work done, and also would be required to make an oral presentation.

The program is mainly intended to give students a real-time exposure/hands-on experience to a research environment, in the hope that it would inculcate in them a zeal for research as a future career.

Although, efforts are made to take into consideration the 'statement of purpose'/research interest of the selected students (while assigning to different Scientists), but it is generally not possible in many cases; as the allotments are mainly based on the availability of working place(s) in different labs and not the other way around. **Therefore, only those students should apply for the training program, who are ready to work in any lab in CCMB, if selected, irrespective of his/her stated research interest.**

## ● Application procedure

Application for the Summer Program 2016 can be down loaded (Zipped pdf file). Completed application (Hard copy) for the program MUST reach CCMB by the first Monday of February 2016 (8/2/2016). The names of the Selected candidates will be made available on CCMB homepage during the second week of April 2016 (around 15/4/2016); here, it may be noted that no separate intimation would be sent to any candidate, and thus all applicants must look for his/her name in the 'selection list' on CCMB homepage only.

## ● **Selection Process**

A committee nominated by the Director, CCMB, selects the trainees. One of the major criteria used in selection is that the selected candidates should represent the Nation-wide coverage of different Indian states (based on the location of their academic institutions, but independent of their birthplace, sex, cast or religion). 'Statement of purpose' and the 'Recommendation/reference Letter' are other important considerations in the selection of candidates along with the academic record. **A few seats (~5%) are reserved, each for the children of serving CCMB employees, and for the candidates selected by the AcSIR.**

The number of trainees' intake varies between 50 - 60 candidates, and mainly depends upon the availability of bench space with different staff scientists of CCMB. On an average we receive ~1500 applications, of which only 3 - 4 % candidates make it to the program.

## ● **Important dates**

The program is for duration of 60 days (~eight weeks) in the months of May-July 2016.

Last date for receipt of Application in CCMB:

**Monday, the 8<sup>th</sup> February 2016.**

*Selected candidate's LIST on CCMB homepage*

**Around second week of April 2016.**

**(there will be No separate letter of intimation from CCMB to the selected candidates)**

Last date for selected candidates to inform their

Acceptance letter to be sent to CCMB/Program Coordinator

**23<sup>nd</sup> April 2016**

Tentative date to join CCMB/the program

**10-15<sup>th</sup> May 2016**

(no one will be allowed to join after 23<sup>th</sup> May under any circumstance)

## ● **Support /Boarding/Lodging**

**CCMB will not provide any financial support for boarding/ lodging. All the selected candidates are required to self-finance their stay in**

## CCMB/Hyderabad.

The candidates are expected to make their own arrangement for stay in Hyderabad during the training period, though CCMB tries to provide shared accommodation to outstation students, especially girl students in CCMB housing facility (depending upon the availability of vacant flats/space).

### ✚ Important points to note

- ✚ As is evident from our experience in earlier years, the competition is very high for the few available seats with an average chance of selection being only 3.0 – 4.0 %.
- ✚ Applications for Summer Program 2016 **MUST** be submitted as a hard copy. The application incomplete in any respect will be rejected/not considered.
- ✚ *Requests/applications for the program sent prior to this notification will not be considered. Any such candidate must apply again using the prescribed application form.*
- ✚ There is no **FEE** for the training program; but all selected candidates have to bear their boarding/lodging expenditure during the 60-day stay at CCMB.
- ✚ **The decision of the Centre in regard to the selection of candidates shall be final.**
- ✚ Canvassing in any form and/or bringing in any influence, political or otherwise, will be treated as a disqualification.
- ✚ Selected candidates are expected to have cleared their final exams (1<sup>st</sup> year in case of M.Sc. students, 6<sup>th</sup> semester in case of B. Tech. students and 8<sup>th</sup> semester in

case of Five year Integrated B. Tech - M. Tech./MBBS students) before joining the program and thus are required to bring the documentary proof for the same. On the other hand, for students, whose results may be awaited at that time, students would need to provide a certificate from their college certifying that - the student has appeared for the final exams, and that the results are yet to be declared.

**All candidates selected for the program will need to spend a minimum period of 60 days in CCMB without any break.**

**This is one of the most important requirements and accordingly, all candidates need to furnish a certificate from their Head of the Department/Competent authority of the college/institute to this effect (see the Application form for instructions).**

**Mailing address for application:**

**Dr. Ramesh K. Aggarwal  
Coordinator  
SummerProgram2016  
Centre for Cellular and Molecular Biology  
Uppal Road, Tarnaka  
Hyderabad 500007 (Telangana)**

*(Please mention on top of the envelope “Application for Summer Training 2016”).*

***Disclaimer:***

**It may be noted that the CCMB will not be responsible for any omission of name from the list of applicants that may result from ‘Loss and/or Delayed receipt’ of applications due to postal mishandling/ loss/ delay.**
