

Medical Students Research Training (MedSRT) 16th – 28th December 2024

Centre for Cellular and Molecular Biology (CSIR-CCMB), Hyderabad invites applications from MBBS students (2nd & 3rd years) to participate in a 2-week Medical Students Research Training (MedSRT) program. This program is specifically designed for medical students, and it offers training on research methodologies through a series of lectures and hands-on experiments. The students would be also exposed to scientific ethics, good laboratory practices, biosafety and various research facilities at CCMB and its Annexes. Certificates would be issued to students on successful completion of the training.

Along with the application in the prescribed format, applicants must upload a forwarding certificate from HOD/Principal of the University/College/Institute (to download the format for 'forwarding certificate from HOD/Principal of the University/College/Institute' please visit CCMB website), a Statement of Purpose (SOP) for attending this program and a brief biodata.

The last date for receiving application is 1st November 2024.

Since the program involves hands-on training, the maximum limit of participants is 20-25.

Successful applicants will be informed through email by **6th November 2024.**

The program does not have any fee. However, students have to take care of their travel and accommodation. Canteen services will be available on payment basis during the program.

For any queries, please email to sdp@ccmb.res.in
